

## ENVISIAN QUALITY POLICY (SUMMARY)

Envisian specialises in transformation, technology and cloud consulting. We work with enterprise, government and universities. Our technology expertise and delivery experience, along with smart use of project management methodologies (Agile, Waterfall), provides for positive outcomes for our Customers and alignment of appropriate technology with their business objectives.

We are totally independent and work side by side with our clients, helping with the management of their internal customers, vendors and suppliers to achieve their objectives. Our independence and our experience counts, we are experienced in program/project delivery, experienced in technology and experienced in transformational change.

Quality underpins everything Envisian does and we use quality procedures that meet or exceed the requirements of ISO 9001. The Directors, Management and Staff are responsible for Quality Control through our Quality Management System seeking improvement by constant review. The Company is committed to achieving customer satisfaction through quality of service, and by meeting or exceeding Customer needs and expectations with best-in-class solutions and services. Our goal is 100% customer satisfaction 100% of the time and our commitment to quality will deliver investment value.
